

PRODUCT FEATURES

- “Canopy” type return air grille attenuator is easily positioned on the back of the grille in suspended grid systems.
- Attenuates sound while providing maximum flow thru return grille.
- Eliminates / reduces “cross talk” between spaces with a common ceiling plenum.
- Reduces ceiling plenum visibility

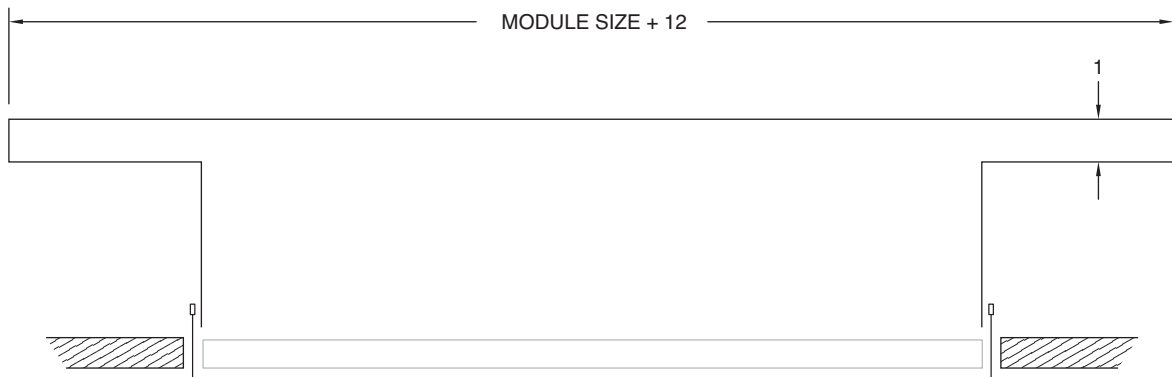

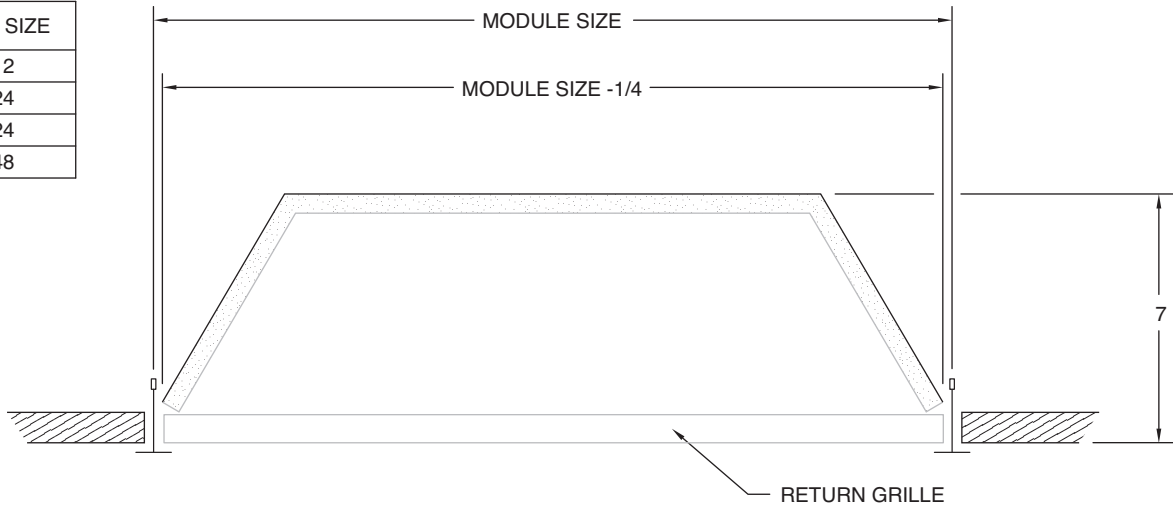

CONSTRUCTION FEATURES

- Material:**
- Steel (ST)
 - Aluminum (AL)
- Insulation:**
- 1" Acoustic Insulation
 - 3/8" Fiber-Free Foam
- Finish:**
- Galvanized Steel or Mill Aluminum
 - Flat Black (FB)
 - Custom Color : _____

MODELS

- RSA-11** 12 x 12 Grid Module
- RSA-12** 12 x 24 Grid Module
- RSA-22** 24 x 24 Grid Module
- RSA-24** 24 x 48 Grid Module

MODULE SIZE
12 x 12
12 x 24
24 x 24
24 x 48

All dimensions are in inches.
