Model **MVB-P** BLANK-OFF PANEL PERFORATED PANEL LAY-IN T-BAR

DIFFUSERS

PRODUCT FEATURES

- This perforated “look alike” panel matches adjacent active panels (no plug button).
- Face attached to solid rear panel / back pan to eliminate migration of particulate into workspace.
- Perimeter gaskets where panel contacts T-bar grid member

MATERIAL AND FINISH

- Steel with White Baked Epoxy (white gasket)
- Aluminum with White Baked Epoxy (white gasket)
- 304 Stainless Steel, #4 Polish (black gasket)
- 304 Stainless Steel with White Baked Epoxy (white gasket)
